

Sensory impairment decision making guide

Does the child have a sensory impairment i.e., hearing impairment or vision impairment or multisensory impairment/ deaf blindness?

What strategies should I be using (see High Quality Teaching)? Do I have CPD needs around children with sensory impairment?

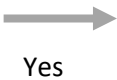

Is English the first language? Have I taken into account any cultural needs?

No

Seek advice from REMA.

Yes

Request support from Physical and Sensory support.

Are there other needs that are impacting on the child's development?

School to carry out programmes and recommendations from PSS and specialist SLTs.

Arrange a bookable consultation or AANT with educational psychology team
