Support for Early Years Settings following a SEND Support Notification (SSN)

Please work through these steps to identify the appropriate support available following a SEND Support Notification. Early Years settings can request involvement from the Early Years SEND Team to support with this process.

Early Years setting receives a SEND Support Notification from the Area SEND team Use the Graduated Response Early Years document to put in place support for this child and document within the child's Surrey Support Plan Ensure that parents are fully involved in the 'Assess, Plan, Do, Review' process that is documented in the child's Surrey Support Plan and help them to understand what support is available Implement a Surrey Support Plan where the child's needs, desired outcomes and

support currently in place are all clearly documented. This should be reviewed regularly and include advice from other professionals

Make a 'Request for Support' to your Early Years SEND Advisor to help you with this process (see contact details below)

Discuss with your SEND Advisor whether involvement of an Educational Psychologist should be requested
