Cognition and learning decision making guide

Does this child have difficulties with cognition and learning?

What strategies should I be using (see High Quality Teaching)? Do I have CPD needs? Am I implementing Universal approaches?

Is English the first language? Have I taken into account any cultural needs?

No → Seek advice from REMA.

Yes ↓

I have used a screening tool before or I am sure which screening tool to use.

Yes → Use screening tool.

Discuss during STIP clinic for advice on screening tool and approach (or approaches) to use.

No/ not sure

Use a recommended approach for cognition and learning.

Not sure which approach to use?

Having problems using the approach or embedding the approach?

I'm having problems → STIP can provide some more direct support if needed to set up and embed.

Still have concerns at review following intervention shows still significantly below/ STIP recommendation?

Arrange a bookable consultation or AANT with educational psychology team
